Counsel for the petitioner contends that he has gone through the proposal made by the Government of Sindh for taking precautionary measures to save the people from the expected heat wave, however, the Government should be directed to adopt these in letter and spirit and additionally since such heat wave is likely to hit the entire province, therefore, such measures are to be taken in the entire province.

AAG says that the Government would ensure that such precautionary measures are taken throughout the province. The Government, however, would submit fortnight report detailing the measures adopted by them. Petition stands disposed of.
